To: South East Creatives

Re: Dominic Morgan

I'm pleased to provide a reference for Dominic Morgan. I am a clinical doctor by training but have been involved in the UK independent film industry for the last two years in a number of roles.

I have invested in the upcoming feature film 'Morris Men' and will also be working in an Executive Producer capacity.

I am been impressed by Dom's inclusive approach to film making and his genuine desire to invest in people and promote the South East as a venue for creative endeavours
